Nutrient Reduction Game

North Central Region ONE WATER ACTION FORUM

Wednesday, December 12, 2018

Following the Working Sessions

4:30 PM - 6:00 PM

Metro Suite, Sheraton

The nutrient reduction game was developed by Jane Frankenberger, Purdue University and has since been adapted by the Iowa Soybean Association and others. The game helps individuals experience and analyze the kinds of changes needed to significantly reduce nutrients from agricultural land. In the spirit of One Water, help us pilot a new version of the nutrient reduction game that has both rural and urban components. The name of the game – working together to reduce water pollution using the resources allotted.

FREE OF CHARGE!

Add a ticket to your registration online in the "Additional Items" page, or RSVP to courtney.allen@swcs.org or 515-289-2331 ext. 112 by Wednesday, November 28, 2018
